1. VP personnel in Eisenach (L 51/H 76) started inspecting and registering all privately-owned motorcycles on 24 July 1950. They meticulously listed all technical data and recorded the mechanical condition of the motorcycles as well as the identities of the owners.
2. Under this registration program, the police impounded all motorcycles of BMW make on the grounds that the entire output of this type of motorcycle was earmarked for use by the authorities or for export and was not supposed to be diverted to the public market. It was said that the BMW motorcycles impounded in Eisenach numbered about seventy.
